## ONLY Colortech™ ROTARY BRUSHES OUTLAST PADS MORE THAN 200 TO 1\*

Rotary Brushes are the simple floor care solution. They clean more effectively, using nylon filament impregnated with Silicon Carbide grit. And, we offer a wide selection of rotary brushes to match all of your floor care needs including stripping, scrubbing and general cleaning of high traffic areas in office buildings, malls, schools, hospitals, and stores.

\* 2009 University of Illinois Colortech Rotary Brush Study/  
Durability/Sustainability

### Advantages over pads:

- rotary brushes outlast pads more than 200 to 1, ultimately saving you time and money
- reduces packaging, storage and waste
- lowers labor cost by reducing change out frequency and time
- eliminates pad tearing and the need to re-center pads
- all rotary brushes utilize durable plastic blocks specially constructed to provide long lasting, superior performance
- brushes perform well on all types of surfaces including new or old floors with uneven surfaces
- solution feed design allows cleaning solution to flow through rotary brush block for thorough cleaning

# Colortech™ Rotaries – A Smart Alternative To Floor Pads

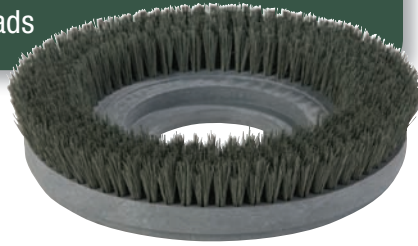

## Light Cleaning

Replaces Light Green Pads

### Light Green Grit Brush

(Dyna-Scrub®)

This brush is for light to medium cleaning of vinyl, rubber floors, sealed concrete, terrazzo, slate and marble. Utilizes 0.018" dia /500 grit Silicon Carbide impregnated nylon bristles.

## General Cleaning

Replaces Red Pads

### Red Grit Brush

(Scrub-Grit® II)

This brush is for medium to mildly aggressive cleaning of resilient floors, non-slip flooring, terrazzo, quarry tile, and concrete. Also great for grout lines less than 1/2" in width. Utilizes 0.022" dia/120 grit Silicon Carbide impregnated nylon bristles.

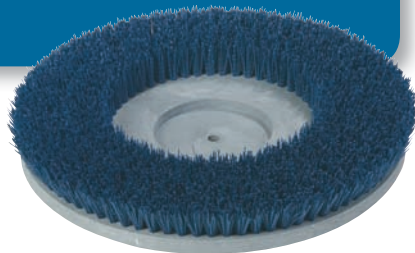

## Scrubbing

Replaces Blue Pads

### Blue Grit Brush

(Scrub-Grit® III)

This brush is for aggressive top scrubbing of resilient floors and terrazzo, such as parking ramps, garages, sidewalks, and warehouses or anywhere rough concrete surfaces exist. Utilizes 0.035" dia/180 grit Silicon Carbide impregnated nylon bristles.

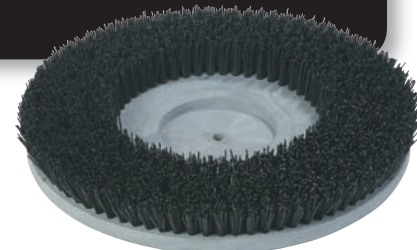

## Stripping

Replaces Black Pads

### Black Grit Brush

(Nylo-Grit®)

This brush is excellent for stripping of resilient floors, terrazzo, tile and scrubbing of concrete. Also great for grout lines 1/2" or greater in width. Utilizes 0.050" dia /80 grit Silicon Carbide impregnated nylon bristles.

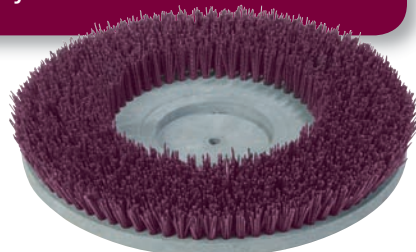

## Aggressive Stripping

Replaces High Productivity Pads

### Purple Grit Brush

(Strata-Grit®)

This brush is for aggressive stripping of resilient floors and aggressive scrubbing of concrete. Utilizes 0.060" dia/46 grit Silicon Carbide impregnated nylon bristles.

## Concrete Floor Care

### Brown Grit Brush

(Strata-Grit® Plus)

This is our most aggressive brush for stripping heavy soil from concrete in industrial applications. Utilizes 0.070" dia/36 grit Silicon Carbide impregnated nylon bristles.
